GENERAL GOSSIP.

The New York Tribune advises Packard to telescope himself.

Some one asks what harm Italy has done that Chamberlain should be sent there.

The postmaster-general has thirteen children. What a bunch of Keys!

It but remains for Chamberlain to brush up his "Dante," patch his gondola, trim his guitar and strike out for the Vesuvian bay.

"Miss Grundy" relieves the public mind by writing that, though the President does not wear gloves at the receptions, he holds a pair of fresh white kids in his left hand, while he shakes hands with his right.

The Harvard Freshmen have challenged the Yale Freshmen to an eight-oared race, but the latter declined.

President White, of Cornell, admits that the ladies average ten per cent. better than the gentlemen in their class stands.

A man seventy-seven years of age was sentenced to three months in the penitentiary, last week, by a New York judge for "beating his wife, aged sixty-five. They kept rival penitentiary stands and the fracas resulted from competition in business.

FASHION NOTES.

"To be, or not to be," is the question with regard to crinoline.

Torchon is the name of the new lace used on bonnets, dresses and parasols.

For ordinary heavy goods the "Princess polonaise" will be the prevailing style.

Black camel's hair polonaises are trimmed with wide galloon in India colors and patterns.

Lace has superseded ribbon, in a great measure, for hat trimming. Narrow ribbon only is admissible.

In linen collars the Byron is most fashionable, and of white only, the colored cordings of a few months ago having quite passed by.

Metal buttons, or rose pearl, or shell, predominate, the smooth gilt and steel being the favorites.

There are surprising novelties in hosiery, both as to elaborate embroidery and unique shades.

The mode for spring wraps is the Dolman, in an endless variety of pattern, but grays are the prevailing shades and fringes and galloons the only trimmings used for spring garments.

The sleeves of new dresses fit tighter than ever. To laugh in one's sleeve has now become purely metaphorical.

In bonnets the Normandy style will hold its own for the present, but the fine Florence braids, trimmed with flowers and lace sash only, will be the mode for summer.

In the line of neck garniture the newest is a lace collar, with lace pendants in front, three or five, in the most exquisite of designs and qualities.

A street dress from Paris is displayed with a skirt of black silk, with one broad knife plated flounce, an overdress of gray matelasse, trimmed with black and gray fringe and ornamented with flame colored ribbon bows.

Many fashionable women now wear sour milk as ornaments. That is to say, a Yankee in Mansfield, Conn., is making a great quantity of sour milk into an imitation of coral for jewelry. The fluid is colored, run into moulds, and solidified by heat.

Basques seem to have lost favor of late, and been quite superseded by the long polonaise, or the lower edge of the basque is so overlapped by the closely draped overskirt as to give the whole the appearance of a real polonaise.

Among the bright-hued flowers to be seen on bonnets are tiny yellow buttercups, old-fashioned marigolds, nasturtium, and great scarlet and golden poppies. Artificial small fruits, as currants, grapes and cherries, are also included in bonnet garniture.

VEGETINE

PURIFIES THE BLOOD,
Renovates and Invigorates the Whole System.

Its Medicinal Properties are Alterative, Tonic, Solvent and Diuretic.

VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated, that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Pains in the Stomach, and all diseases that arise from impure blood. Scatula, Inflammatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints, can only be effectually cured through the blood.

For Ulcers and Eruptive Diseases of the Skin, Pustules, Pimples, Blotches, Boils, Tetters, Scald-head and Ringworm, VEGETINE has never failed to effect a permanent cure.

For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhoea, arising from internal ulceration, and uterine diseases and General Debility VEGETINE acts directly upon the cause of these complaints. It invigorates and strengthens the whole system, acts upon the secretory organs, allays inflammation, cures ulceration, regulates the bowels.

For Catarrh, Dyspepsia, Habitual Constipation, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all the organs, and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries who know to prescribe and use it in their own families.

In fact VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable BLOOD PURIFIER yet placed before the public.

THE BEST EVIDENCE.

The following letter from Rev. E. S. Best, Pastor of the M. E. Church, Natick, Mass., will be read with interest by many physicians. Also, those suffering from the same disease as afflicted the son of the Rev. E. S. Best. No person can doubt this testimony, as there is no doubt about the curative powers of VEGETINE:

NATICK, MASS., Jan. 1, 1874.
MR. H. R. STEVENS: Dear Sir,—I have good reason for regarding your VEGETINE a medicine of the greatest value. We feel assured that it has been the means of saving our son's life. He is now seventeen years of age; for the last two years he has suffered from necrosis of his leg, caused by a scrofulous affection, and was so far reduced that nearly all who saw him thought his recovery impossible. A council of physicians could give us but the faintest hope of his ever rallying, two of the number declaring that he was beyond the reach of human remedies, that even amputation could not save him as he had not vigor enough to endure the operation. Just then we commenced giving him VEGETINE, and from that time to the present he has been continuously improving. He has lately resumed his studies, thrown away his crutches and cane, and walks about cheerfully and strong.

Though there is still some discharge from the opening where the tumor was, we have the fullest confidence that in a little time he will be perfectly cured.

He has taken about three dozen bottles of VEGETINE, but lately uses but little, as he declares that he is too well to be taking medicine.

Respectfully yours,
E. S. BEST,
MRS. L. C. F. BEST.

All Diseases of the Blood.

If VEGETINE will relieve pain, cleanse purify and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the GREAT BLOOD PURIFIER.

The great source of diseases originates in the blood, and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

Recommend it Heartily.

MR. STEVENS: Dear Sir,—I have taken several bottles of your VEGETINE, and am convinced it is a valuable remedy for Dyspepsia, Kidney Complaint, and general debility of the system. I can heartily recommend it to all suffering from the above complaints. Yours respectfully,
MRS. MONROE PARKER,
386 Athens Street.

SPRING GOODS

—FOR—

1877.

To-day the campaign's fairly closed,
The lucky man is he
Who takes his seat on the 4th of March
Our President he'll be:
And now the next best thing
Just suited to our mind,
Is where to get the cheapest goods—
The best of goods to find.

My friends and I went out one day,
Some New Spring Goods to buy;
And we resolved, before we went,
The different stores to try.
We wandered Winnsboro all around
Until our feet were sore,
And found the very place, at last,
T'was SOL WOLFE'S New Cash Store.

Of Hats, Clothing and Boots and Shoes,
The latest to our view—
The very best styles of Dress Goods,
And Prints so cheap and new.
So then, my good friends, one and all,
Now is your time to try
What Bargains you can get of me—
Or, you need not buy of SOL.
